

OUR SOLUTIONS ARE BETTER

# KENNON F-35 MULTIFUNCTION ALPHA PROBE COVER

## KENF35PMMFP

Kennon's F-35 Multifunction Alpha Probe Cover provides comparable environmental protection to OEM equipment. We've engineered our probe cover for line-to-line fitment. The molded polyurethane seals the probe from the elements without damaging 5th generation LO coatings. The fit is secure, even during the most extreme weather, and can withstand winds above 100mph. Our urethane includes additives that will resist degradation from prolonged UV exposure.

**This product incorporates designs, materials, and components protected by SBIR Data Rights:**

Agreement Number: FA8649-20-9-9053  
Contractor Name: Kennon Products, Inc.  
Contractor Address: 1100 Hi Tech Dr, Sheridan, Wyoming USA 82801  
Expiration of SBIR Data Rights Period: 8/2/2039

The Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software marked with this legend are restricted during the period shown as provided in paragraph (b)(4) of the Rights in Noncommercial Technical Data and Computer Software—Small Business Innovation Research (SBIR) Program clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of technical data, computer software, or portions thereof marked with this legend must also reproduce the markings.

## Physical Properties

Operating Temperature:	-65°F to 225° F
Not-to-Exceed Temp:	300°F
Interface Material	90A Polyurethane
Thickness	0.25 inches
Dimensions (H x W)	10.88" x 3.44"
Fitment	Line-to-line
Wind Rating	100+ mph
Waterproof	Yes
